

Set up Notifications

Notifications can be a valuable tool for you in the management of your finances. These are set up in your settings. Settings can be accessed two different ways in our Online Banking.

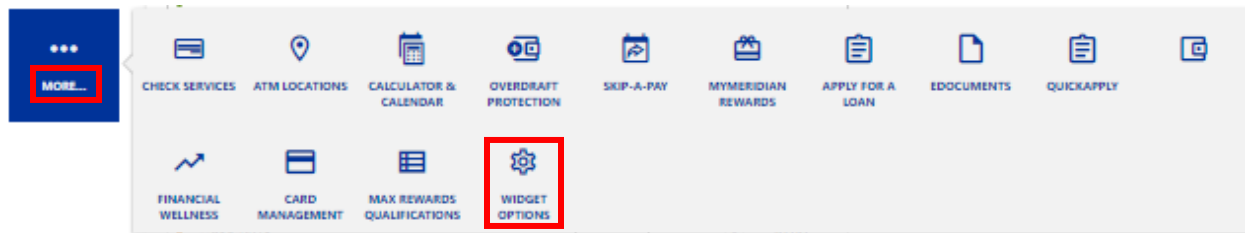

Drop Down-Settings

Upon logging in, your name will appear on the top right-hand side of the page, click the arrow to access the drop down and select *Settings*

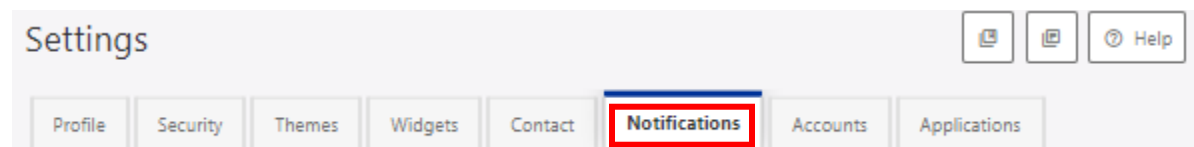

More>Widget Options

Select the *More* option from the widget menu along the left-hand side. Select *Widget Options*

Both of these paths will access the settings options.

Select the *Notifications* tab to manage notifications

Click the gear icon to edit the notifications as desired. Follow the prompts for each notification to establish or change notifications as necessary. Notifications can be sent via email, SMS Text Message or Push notification (if mobile app has been used)

General Alerts

General Alerts are security and other notifications triggered by important events, such as changes to your personal information. These types of alerts can't be turned off, but you can select how they are delivered.		@	•	•
