

Transfers to Other Members

You are able to transfer to any Meridian Trust member via online and mobile banking. You will be required to enter the other member's last name, full account number, and share/loan ID.

These account transfers can be set up and completed in the Classic tab in the Transfers Widget. Select the *Transfer to another Meridian Trust Federal Credit Union member* link

In the pop-up box, enter the needed information. Name, member number, share ID.

For loan payments, select the drop down and enter the loan information.

To save the account/loan information for future use, click the *Save Account* box and create a nickname for the account for easier account identification upon your next transfer. Click *Save*

The account will show in the *To Account* box once completed. If saved, the account will show in the drop down and in the quick transfer *To Account* list.

If these accounts are saved, they can not be removed. However, the nickname can be edited, and they can be hidden from view. To edit these accounts, navigate to the account settings via the drop down and select the pencil icon.

The screenshot shows the 'Settings' page with the 'Accounts' tab selected. A dropdown menu is open, showing 'Settings' as the selected option. The 'M2M demo' account is listed under the 'Checking' section with a pencil icon for editing.
