OCTOBER-DECEMBER 2026

FRAUD PREVENTION & AWARENESS

October is Cybersecurity Awareness Month. Learn how to recognize scams and protect your accounts.

Slow down.

Scammers create urgency to pressure you into acting before you think. Take your time.

Verify Before You Trust

If someone contacts you claiming to be from your credit union, bank, or a government agency, hang up and call the organization directly using a number you know is legitimate.

Monitor Your Accounts

Review your transactions regularly through online banking or the mobile app and report anything unfamiliar right away.

Guard Your Credentials

We will never ask for your username, password, or an MICR check line.

Not Sure?

Call us directly at 307.635.7878 or visit your local branch.
